Who is Eligible:

Qualified NJ residents of any age can be eligible for NJ FamilyCare. This includes children, parents, caretaker relatives, and adults without dependent children. Eligibility is based on the income and household size that was reported on applicant's latest federal tax return. However, NJ FamilyCare can use other sources, such as pay stubs, to verify information. Income eligibility for children is higher than income eligibility for adults. (See chart)

What Does it Cost?

For many people, NJ FamilyCare will cost nothing.

For higher income families with children there is a sliding scale for copayments.
